“13 Microsoft Nominations in 8 years”

## Indiana Multi-Specialty Group Expands With MedInformatix

Los Angeles, California, July 2008-Columbus, Indiana-based Physicians Practice Organization Inc. is expanding to include 16 sites by the end of 2008.

Physicians' Practice Organization Inc. (PPO) is a multi-specialty group who initially began with MedInformatix in 2005. The group initially signed a contract to make seven of their locations paperless. Since 2005, the PPO has grown from 7 locations to 16 locations using MedInformatix.

“It is quite amazing how the PPO has taken advantage of the applications we provided to them,” said Thomas McGonigle, chief executive of MedInformatix. “Quite often clients I meet think that software growth comes in the large cities, like Los Angeles. However, much of the cohesive growth actually comes from tight nit groups located in smaller areas, McGonigle went on to say.

The PPO selected MedInformatix software because of its ease of use and market references. The healthcare specialties that the PPO uses are in Family Practice, Internal Medicine, Gynecology, Cardiovascular Surgery, Obstetrics and a multi-location Urgent Care group.

The PPO is an example of how a multi-specialty Group can thrive under the right conditions. The group put together the right leadership match along with strong technical skills.

Recently Columbus, Indiana was severely hit by flooding causing temporary closure of the local hospital. The PPO practices were fortunately able to continue operating and did not lose any data.

About MedInformatix:

[www.medinformatix.com](http://www.medinformatix.com)

MedInformatix, Inc. is a leading national provider of fully integrated Electronic Health Records. The products have been built around MedInformatix 25 years of workflow expertise. Our product is designed on a single database using Microsoft SQL. Whether the installation is a single physician who went Live in 1994, a national Cardiology practice, the busiest Radiology practice in Manhattan, or one of 15 other specialties we service, we accommodate their needs. See why so many practices from various specialties choose to use our award winning products: 13 Microsoft nominations in 8 years. MedInformatix can turn the dream of a paperless, integrated practice into a reality.
